I think I found all the article fixes before EPA in the CFAC letter. I've sent them to Sue Zaynard to put together the routing packages. They should land on your desk tomorrow.

Thanks for your help!

Scott,
Thank you for preparing the 104(e) for ARCO, and for clarifying the BP/ARCO relationship. I caught a few instances where we need to add an article before EPA per the new correspondence guidelines. We may need to double-check the Columbia Falls 104(e) to make these same corrections.
Thanks!
-Mark

Hi Mark,

Here's the draft of the 104e to ARCO. As we discussed, I've only changed references of CFAC to Atlantic Richfield and current owner to former. Please let me know if you have any other changes and I'll send it to our admin to prepare routing packages for both letters.

Thanks,
